Student Code Policy Governing Assignment of Space Scheduled Prior to Fourth Week of Instruction
Your request of the Office of the Vice Chancellor of Administration and Operations/Facility Scheduling and Logistics (FSL) for the use of space has been accepted in good faith with the intention of honoring it. However, during the first three weeks of any semester, changes in reservations may be made by FSL at any time before the event if the change is necessitated by late additions or revisions in class scheduling. University classes have priority over events.

RO/RSO groups who are found out of compliance with FMS guidelines when it comes to things such as (but not limited to) food/drink, excessive trash, furniture out of place or missing, noise, being in a room after hours or room damage will be reported to the RO office.
